ROCHELLE LOYALTY SONG

We're loyal to you, Rochelle High,
We're purple and white, Rochelle High,
We'll back you to stand 'gainst the best in the land
For we know you have sand, Rochelle High; Rah! Rah!
So smash that blockade, Rochelle High,
Go crashing ahead, Rochelle High,
Our team is the fame protector,
On, boys, for we expect a victory from you, Rochelle High.

Fling out that dear old flag of purple and white,
Lead on your sons and daughters willing to fight,
Like men of old on giants, placing reliance,
Shouting defiance, Os-Kee-Wow-Wow,
Amid the broad green plains that nourish our land,
For honest labor and for learning we stand,
And unto thee we pledge our hearts and hands,
Dear Rochelle High School, Ro-Rochelle.

STUDENT HANDBOOK

This handbook, prepared by the school administration, board of education, teachers, and parents is presented to the students of Rochelle Twp. High School. It is designed to aid the student attending our high school for the first time by acquainting the student with the ideals and procedures of Rochelle Township High School. It is designed also for the student who is already enrolled in this school. The handbook will keep before the student, the traditions, rules, and regulations of the school.

As we start another year our goal should be to utilize our facilities to the very best of all concerned, and to use them carefully so as to preserve them in good order for future students. We hope school presents a real challenge to you to do your very best in everything you do.

We hope that your summer activities have been both pleasant and beneficial to you and that the coming year may be an outstanding one for you in school participation and achievement. Your most important task at this time is to make a success of your high school work. We want to help you develop your capabilities so that you may become the best and most capable citizen possible. We want you to enjoy your school work and activities and we hope you get involved in the RTHS community.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, student, visitor, invitee, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State or Federal law, possess a weapon, any object that can reasonably be considered a weapon or which looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another's property.
5. Damage or deface school property.

SCHOOL VISITATION RIGHTS

The School Visitation Rights Act permits employed parents/guardians, who are unable to meet with educators because of a work conflict, the right to time off from work under certain conditions to attend necessary school functions such as parent-teacher conferences, academic meetings, and behavioral meetings. Letters verifying participation in this program are available from the school office upon request.

PANDEMIC MANAGEMENT

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child.

Parents will not be able to leave lunch money in the school offices for students to pick up during the school day. Students will be able to meet their parent in the office between class periods or during the student's lunch period to receive all other items.

GENERAL INFORMATION ENROLLMENT AND REGISTRATION

PRE-REGISTRATION

All incoming freshmen will be pre-registered by a high school counselor visiting their schools.

PLACEMENT IN HONORS CLASSES

The identification process used to place students in honors classes at Rochelle Twp. High School is a multi-criteria measure. During the initial phase of the process students who score at the 75th % or higher in specific sub-tests on the Explore Exam are identified. Those students are then required to take the STS Placement Test. Specific subject area scores and aptitude scores from this test, as well as eighth grade teacher recommendations and past school performance are all measures used in the identification process. The information is compiled by the R.T.H.S. gifted coordinator and is then evaluated by a committee of R.T.H.S. teachers. A matrix is utilized to evaluate each student's information, per subject area.

The placement process begins in the spring of the eighth grade year. Eligible students will receive a letter indicating date and time of the STS Placement Test. Students are reevaluated at the end of each subsequent year while in high school to determine if placement continues to be appropriate.

FRESHMAN CONFERENCES

Invitations for freshmen conferences will be sent by the counselors and a mutually convenient time will be set. The purpose of these conferences is to review test scores, schedules and discuss placement in classes and for general questions or concerns.

FRESHMAN AND NEW STUDENT REGISTRATION

Freshman and new students will be registered online (or in person in case of a new-to-district student). The following will be required:

- Completed Health Examination Forms, 9th grade physical, and birth certificate.
- Proof of residency within the school district.
- Payment (cash or check) for fees (\$165 or \$140 by designated early registration date).

- Locker assignments will be printed on the student's schedule
- A tour of the building will be given to new students prior to the start of school.

RETURNING STUDENT REGISTRATION

All students will register online with Skyward for the upcoming school year. Registration information will be sent to each student's primary family during the month of May.

REGISTRATION FEES

1. Student Fees - Registration and book fees are \$165. A discounted rate of \$140 will be given if registration is complete and turned in before the registration deadline.

Any new student entering RTHS before the end of the 1st semester will be charged for the full school year. Students entering RTHS any time after the beginning of the 2nd semester will be charged half the amount of the registration fee.

4. No refunds will be given for students that transfer after the end of the first week of the second semester.

LOCKERS

Lockers are the property of the school district and are to be used as storage for books, school supplies, outdoor garments, and lunches brought from home. School authorities reserve the right to periodically inspect lockers to insure the health, safety, and general welfare of students, faculty, and school property. Searches may be conducted by school officials at any time. **Students are not allowed to share lockers. If students are found to be sharing lockers it may result in an In-School Suspension.**

ITEMS LEFT IN LOCKERS

Text Books and/or Library Books that are left in lockers and not returned to the teacher will be counted as lost and the student will be billed. Any **personal items** left in lockers upon termination of attendance will be removed from lockers and discarded. The school is not responsible for items left in lockers. This also applies to P.E. lockers.

Music (with the exception of Music Theory), Physical Education and Driver Education are not used in determining either Honor Roll. A student cannot have a grade of "D" and be eligible for either Honor Roll, unless the course is weighted.

SELECTION PROCEDURE FOR MEMBERSHIP IN THE NATIONAL HONOR SOCIETY

1. Membership in the Rochelle High School local chapter of the National Honor Society is an honor bestowed upon a student. A student cannot apply for membership. A student does not have a constitutional right to membership. Selection for membership is made by a faculty council and is based on four qualities: scholarship, leadership, service, and character.
2. To be eligible for membership a candidate must be a junior or senior and must have been in attendance at Rochelle Township High School the equivalent of one semester.
3. A National Honor Society member who transfers to Rochelle from another school and brings a letter from the former Principal or chapter adviser to the adviser in Rochelle shall be accepted automatically as a member in Rochelle's chapter. Transfer students must meet Rochelle's standards within one semester in order to retain membership.
4. Candidates must have a cumulative scholastic average of at least 3.5 on a 4.0 scale.
5. After first semester grades are available, each junior and senior student who has the 3.5 or higher average will be notified by a letter to his/her parent or guardian. Any student who wishes to be considered a candidate for membership must then complete a copy of the Student Activity Information Form (Form I) and submit it to the Faculty council by the deadline. Any student who does not complete and submit this form by the deadline will not be given further consideration for membership. Completion of the form indicates the student's desire to become a member of the National Honor Society; the student's willingness to comply with the rules and regulations of the National Honor Society, including the intention to maintain the standards by which the student was chosen for membership; and the student's intention to be present at the ceremony at which National Honor Society members are announced and inducted.

COMPLETION OF THE FORM DOES NOT GUARANTEE SELECTION.

6. The Faculty Council will study the Student Activity Information Form submitted by each student and evaluate the student for the qualities of leadership, service, and character. Each potential National Honor Society member should exhibit some of the qualities under each heading of the following list:

Leadership - The student who exercises leadership:

1. Is resourceful in proposing new problems, applying principles, and making suggestions.
2. Demonstrates leadership in promoting school activities.
3. Exercises influence on peers in upholding school ideals.
4. Contributes ideas that improve the civic life of the school.
5. Is able to delegate responsibilities.
6. Exemplifies positive attitudes.
7. Inspires positive behavior in others.
8. Demonstrates academic initiative.
9. Successfully holds school offices or positions of responsibility, conducts business efficiently and effectively, and is reliable and dependable without prodding.
10. Demonstrates leadership in the classroom, at work, and in school activities.
11. Is thoroughly dependable in any responsibility accepted.

Service - The student who serves:

1. Is willing to uphold scholarship and maintain a loyal school attitude.
2. Participates in some outside activity: Girl Scouts; Boy Scouts; church groups; volunteer services for the aged, poor, or disadvantaged; family duties.
3. Volunteers dependable and well-organized assistance, is gladly available, and is willing to sacrifice to offer assistance.
4. Works well with others and is willing to take on difficult or inconspicuous responsibilities.
5. Cheerfully and enthusiastically renders any requested service to the school.
6. Is willing to represent the class or school in inter-class and inter-scholastic competition.
7. Does committee and staff work uncomplainingly?
8. Shows courtesy by assisting visitors, teachers, and students.

Character - The student of character:

1. Takes criticism willingly and accepts recommendations graciously.
 2. Constantly exemplifies desirable qualities of personality (cheerfulness, friendliness, poise, and stability).
 3. Upholds principles of morality and ethics.
 4. Cooperates by complying with school regulations concerning property, programs, office, halls, etc.
 5. Demonstrates the highest standards of honesty and reliability.
 6. Shows courtesy, concern, and respect for others.
 7. Observes instructions and rules, punctuality, and faithfulness both inside and outside the classroom.
 8. Has powers of concentration and sustained attention as shown by perseverance and application to studies.
 9. Manifests truthfulness in acknowledging obedience to rules, avoiding cheating in academic work, and showing unwillingness to profit by the mistakes of others.
 10. Actively helps to rid the school of bad influences or environment.
7. The Faculty Council will seek additional information from the Rochelle Township High School faculty in a special faculty meeting by asking each teacher to complete Form II for each student candidate known by that teacher. Each teacher will be given a copy of List I to assist him/her in the evaluation. The faculty evaluations are advisory only because the full faculty does not vote to determine membership. The actual election must be made by the appointed members of the Faculty council.

8. Having gathered and studied all the above information concerning each potential National Honor Society member, the Faculty Council will meet in private to vote on each candidate. Each member of the council will complete Form III.
9. This selection procedure may be changed yearly by the current Faculty Council.

DISMISSAL PROCEDURE

Members of the National Honor Society are expected to be exemplary school citizens at all times and to maintain the standards by which they were chosen for membership. Each year they are expected to participate regularly in meetings, in one or more service projects, and in the induction service for new National Honor Society members.

Students may be removed from the National Honor Society for actions unbecoming a member. Such reasons for dismissal may include:

- a) Cumulative grade point average falling below 3.5 two semesters in succession
- b) Unexcused failure to participate in meetings and/or service projects
- c) Repeated failure to cooperate with school personnel or to abide by school rules
- d) Out-of-school suspension
- e) Conviction of a criminal offense
- f) Using the induction ceremony as an occasion for showing criticism of the educational system or its personnel or doing anything which would detract from the dignity of the ceremony

Procedure for Dismissal

1. Members who fall below the standards which were the basis for their selection shall be first warned in writing by the chapter adviser and given a reasonable amount of time to correct the deficiency, except that in the case of flagrant violation of school rules or civic laws, a member does not have to be warned.
2. The Faculty Council shall determine when an individual has exceeded a reasonable number of warnings, shall review the offense, and vote to dismiss a member if dismissal is warranted.
3. In all cases a member shall have the right of a hearing before the Faculty Council to respond to the charges and action taken. The member's parents may be present.
4. If a member is dismissed, written notice of the decision will be sent to both the member and his or her parents. The member must then surrender the National Honor Society insignia (pin), membership card, membership certificate, and honor pendant.
5. An RTHS student who is dismissed or who resigns may never again become an Honor Society member at Rochelle Twp. High School.
6. A member who has been dismissed by the Faculty Council may appeal the decision to the Board of Education.
7. The National Council and the National Association of Secondary School Principals shall hear no appeals in dismissal cases.

If a parent or student does not wish to have this information released to the military for the 2022-2023 school year, please contact the counseling center to have that information restricted.

Directory information may be released to the general public, unless a parent requests that any or all such information not be released concerning his/her child or children by delivering a written objection to the building principal within 30 days of this notice.

D. Parents/students have the right to inspect and copy the student’s educational records within 10 business days of the day the district receives a request for access (in certain circumstances, the district may request an additional 5 business days in which to grant access for reasons provided by law). 1. Accuracy
2. Relevance; and/or,
3. Propriety.

This right includes the right to challenge the information contained in the student record(s) prior to the transfer of the record(s) to another district in the event of the child/children's transfer to another school system. The procedures for challenging the contents of student records include the following steps:

1. A request for a hearing shall be submitted in writing to the school and shall contain notice of the specific entry or entries to be challenged and the basis of the challenge.

If the parent appeals, the parent shall so inform the school and within ten school days the school shall forward a transcript of the hearing, a copy of the record entry in question and any other pertinent materials to the Superintendent of the Educational Service Region. The school may initiate an appeal on its own behalf by the same procedures. Upon receipt of such documents, the Superintendent of Educational Services Region shall examine the documents and record, make findings and issue a decision to the parents and the school within 20 days of the receipt of the appeal documents.
 5. The school shall be responsible for implementing the decision of the Superintendent of the Education Service Region.

3. The school shall grant access to, or release information from, school students records without parental consent or notification:

- a) To an employee or official of the school or school district or the State Board of Education, provided such employee or official or State Board of Education has a current demonstrable educational or administrative interest in the student and the records are in furtherance of such interest; a school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical or other consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, or assisting another school official in performing their tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district

 1. Such person has the permission of the State Superintendent of Education; and,

PESTICIDE APPLICATION NOTIFICATION

State law effective August 1, 2000 requires that schools provide the parent or guardian notice when pesticide application will occur on school grounds or in surrounding areas of the school. In order to control the bug population, pesticide spraying has been a regular procedure at most schools including here at RTHS. We have professional services for spraying and it is performed in the evening when students and staff are not present in the building.

Please take note of the following tentative dates on which pesticide application may occur at Rochelle Twp. High School within the 2022-2023 school year: August 30, September 27, October 25, November 29, February 21, March 28, April 25, May 30, June 27, and July 25.

Safety Drill Procedures and Conduct

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement lockdown drill to address a school shooting incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. The law enforcement lockdown drill will be announced in advance and a student's parent/guardian may elect to exclude their child from participating in this drill. All other drills will not be preceded by a warning to students.

FALSE ALARMS, WARNING: It is a violation of Rochelle City Ordinance to turn in a false alarm. Violators will be subject to a fine of \$200.00, dismissal from school and subsequent action by the BOARD OF EDUCATION.

SCHOOL CANCELLATIONS AND EARLY DISMISSAL

When weather conditions or emergency situations make it necessary to close the school in Rochelle Twp. High School District #212, an automated phone call will be made to the primary family phone number(s), as well as the first secondary guardian number, identified in Skyward. The closing will also be announced on the local radio station, 1060 AM WRHL. Such announcements will be aired no later than 7:00 a.m. unless unusual circumstances exist. **PLEASE DO NOT CALL THE SCHOOL.**

BUS SERVICE

The school has provided buses in order to equalize educational opportunities, and to provide safe, healthful and economic transportation.

All students living one mile or more from school are brought to school in the morning and returned home at the close of school without any charge to the student.

STUDENT DROP OFF/PICK UP PROCEDURE

The safety of our students is our utmost concern. We have developed procedures with safety in mind regarding the location of student drop off and pick up, as well as providing proper supervision.

Students who are being dropped off may enter the building through either the main entrance or the student entrance in the courtyard. Drop off may be completed in either the front circle drive or in the student parking lot.

Students being picked up after school will be directed to the northeast corner of the student parking lot. The front circle drive will be closed to after-school pick up. For ease of directions, follow the signs on the campus to find the pick up location.

TRANSPORTATION NOTICE TO PARENTS/GUARDIANS

Parent(s) or legal guardian(s) who must provide transportation to and from school **because free transportation is not available for their children** may be eligible to receive money from the state to help offset some of the cost, for example, bus fares, or mileage reimbursement for private automobiles at 51 cents per mile.

If you can answer **yes** to the following questions for the 2022-2023 school year, you may be eligible to receive reimbursement for providing such transportation.

- 1.) Was the pupil under the age of 21 at the close of the school year?
- 2.) Was the pupil a full-time student in grades kindergarten through 12?
- 3.) Did the pupil either live 1 ½ miles or more from school **or** live less than 1 ½ miles from school but **must be transported** due to a serious safety hazard approved by the Illinois Department of Transportation? (See following paragraphs)
- 4.) Did the pupil attend a school within Illinois which meets Illinois compulsory attendance laws?
- 5.) Did the parent/guardian incur transportation expenses resulting from transporting the pupil to and from school?

If you answered yes to the above questions, lived in Illinois, and wish to file a claim, you must go to the school where each of your children are enrolled by June 30, 2022 to complete a claim application. Claim forms should be available from February 2022 through June 30, 2023.

In addition, parent(s)/guardian(s) who had pupils living **less than 1 ½ miles** from the school attended must have **already verified** that a safety hazard exists by completing an Application for Determination of Serious Safety Hazard at the Regional Superintendent of Schools office for the county in which they live. Parents/Guardians residing within the **City of Chicago** must have received and submitted applications from the Illinois State Board of Education, 100 North First Street, Springfield, Illinois 62777-0001 by **February 1, 2022**. The Regional Superintendent of Schools is required to send the Application to the Illinois Department of Transportation within 15 days. The Illinois Department of Transportation reviews and approves or denies the Application and returns it to the Regional Superintendent of Schools within 30 days. Upon receipt of the reviewed Application, the Regional Superintendent of Schools will mail it to the parent/guardian who requested the safety hazard be approved. **If the safety hazard is approved, the parent/guardian must go to the school the pupil attends and complete the claim form.** Parents who have received approval of a safety hazard on or after October 1, 1999, and whose children attend the same school and live at the same address, do not have to reapply for safety hazard verification.

Once all claims are completed at the school, the claim forms will be sent to the Illinois State Board of Education. If your claim is approved, you should receive a check directly from the state for the lesser of the cost of transporting your child/children or the average per pupil reimbursement paid to public schools for transporting regular education pupils. If insufficient funds are appropriated by the General Assembly, all claims will be pro-rated.

If you have any questions, please call or come to the school as soon as possible.

TRANSPORTE PREVIO AVISO A LOS PADRES/TUTORE

Los padres o guardians legales quienes deben proveer transporte a la escuela y de la escuela a sus niños debido a que no existe transporte gratis quizás sean elegibles para recibir reembolso del estado para ayudar con dichos gastos. Por ejemplo, podrían recibir reembolso por el costo del pasaje en autobús o reembolso por el uso de automóviles privados a razón de 51¢ por milla.

Si Ud responde que sí a las siguientes preguntas durante el año escolar 2022-2023, Ud quizás sea elegible para recibir reembolso por dicho transporte.

- 1) ¿Será el estudiante menor de 21 años de edad al cierre del año escolar?
- 2) ¿Está el estudiante matriculado por tiempo completo en los grados de Kg hasta el grado 12?
- 3) ¿Vive el estudiante a 1 ½ milla o más de distancia de la escuela o vive a menos de 1 ½ milla de la escuela pero debe de ser transportado debido a peligros de seguridad según aprobados por el Illinois Department of Transportation? (ver los párrafos que siguen)
- 4) ¿Asiste el estudiante a una escuela en Illinois que cumple con los requisitos legales de Illinois de asistencia mandatoria?
- 5) ¿Ha incurrido el padre o guardián gastos de transporte como resultado de llevar y traer al niño a la escuela?

Si Ud ha contestado que sí a las preguntas, ha vivido en Illinois y desea hacer petición, Ud debe de ir a la escuela donde su niño está matriculado antes del 30 de Junio, 2022 y completar el formulario de reclamación. Estos formularios de reclamaciones se encontrarán en las escuelas a partir del Febrero 2022 hasta el **30 de Junio, 2023.**

Además, los padres of guardians de estudiantes que vivan **a menos de 1 ½ millas** de distancia de la escuela a la cual asisten deberán verificar que existen peligros de seguridad debido al tráfico de vehículos. Esta verificación se puede hacer completando un Formulario que Determina Serios Peligros (Application for Determination of Serious Safety Hazard) en la oficina del Superintendente Regional de Escuelas del condado en el cual residen, **excepto de la ciudad de Chicago. Los residentes de la ciudad de Chicago** deben recibir y someter sus peticiones directamente del Illinois State Board of Education, 100 North First Street, Springfield, Illinois 62777-0001 antes del **1 de Febrero, 2022.** El Superintendente Regional de Escuelas debe de enviar dicho formulario al Departamento de Transportes dentro de un periodo de 15 dias de haberlo recibido. El Departamento de Transportes de Illinois revisa y aprueba o niega la solicitud y la devuelve al Superintendente Regional de Escuelas en un periodo de 30 días. Al recibir la solicitud ya revisada, el Superintendente Regional de Escuelas la enviará por correo al padre o guardián quién había hecho la solicitud. **Si este peligro de seguridad es aprobado, el padre o guardián legal debe de ir a la escuela de su niño y completar la solicitud de reembolso.** Los padres o guardians quienes hayan recibido verificación de peligro de seguridad durante y después del año escolar 1999 cuyos niños asisten a la misma escuela y viven en el mismo domicilio no tendrán que volver a solicitar la verificación de peligro de seguridad..

Una vez que todas las peticiones de reembolso hayan sido completadas en la escuela, dichas peticiones serán enviadas a la Junta de Educación Estatal (Illinois State Board of Education). Si su petición de reembolso es aprobada, Ud recibirá un cheque directamente del Estado durante el mes por la cantidad que sea menor entre el costo de transportar a su niño y el promedio de reembolso que es pagado a las escuelas públicas por transportar estudiantes en el programa regular. Si la Asamblea General no provee los suficientes fondos, el reembolso será en proporción a la cantidad aprobada.

Si Ud tiene alguna pregunta o necesita mas información, favor de llamar o ir a las escuela lo antes posible.

LOST AND FOUND

The Lost and Found is located in the main office. All articles found should be brought to the main office where they can be claimed by the owner. All articles not claimed at the end of the year will be disposed of at that time.

RETURN OF TEXTBOOKS

It is the responsibility of all students to return their textbooks upon termination of attendance. This includes withdrawing, expulsions and/or the end of the school year. Students will be billed for books not returned. **Books left in lockers and not returned to the teacher by completion of the final, will be counted as lost and the student will be billed.**

INTERCOM SYSTEM

The intercom system will be used to make general school announcements and to call students to the office.

SCHOOL SUPPLIES

An area is maintained in the main office for the convenience of the students. Consumable supplies such as flash drives, notecards, etc. are sold at cost to the student.

INSURANCE

Rochelle Township High School maintains Student Accident Secondary Insurance for all students for injuries sustained while attending school or participating in school-sponsored activities. The District's insurance is a supplemental plan. It is secondary to the student's personal insurance, which is the primary coverage.

Any injury must be immediately reported to the school advisor, coach, and nurse. To be eligible for coverage, the parent/guardian must promptly report the claim on written forms available in the district business manager's office, provide proof the incident has been claimed under the student's primary insurance, and provide such other information as the school's carrier may require. All questions regarding Student Accident Secondary Insurance should be directed to Kevin Dale, RTHS Business Manager.

MEDICAID REIMBURSEMENT

Medicaid reimbursement is a source of federal funds approved by Congress to help school districts maintain and improve special education services.

Therapy and diagnostic services provided to your child (you) are partially reimbursable. Unless you object in writing, Rochelle Twp. High School, District 212 will claim Medicaid/KidCare reimbursement for services provided. These claims will have no impact on your ability to receive Medicaid funding either now or anytime in the future.

If you do not object to this release of information related to Medicaid claims for your child (you), do nothing.

HEALTH SERVICES

Students who have health problems during the school day are to first report to class and obtain a pass to the Nurse's office. Any illness serious enough to require the student to leave class will be reported to the student's parents, if possible, and arrangements will be made for the student to go home by the school nurse. No student is to leave school because of illness without reporting first to the school nurse, who will be responsible for all Health Services.

RULES IN THE NURSE'S OFFICE

1. Students who are ill before they leave home should check with parents rather than come to school for the nurse to send them home. There are no facilities for resting in the nurse's office. Transportation is not always convenient and thus becomes an unnecessary expense. Please use the following guidelines to determine the need to keep your child home:
 - Temperature 100 degrees or over (Your child needs to be fever free for 24 hrs. before returning to school)
 - Diarrhea/vomiting within the past 24 hrs.
 - Undiagnosed rash
 - Any contagious condition
2. Students should be able to tolerate some discomfort during class periods, therefore, only emergency cases are to be seen during class periods (Emergencies such as bleeding, vomiting, fainting, injuries, severe illness, etc.). Students with general complaints (headaches, colds, sore throats, upset stomach, stomachache, etc.) are to be seen before school, lunch periods, study halls, or after school.
3. Students who wish to be excused from class due to illness are to report to the nurse's office with a pass from their teacher. Phone calls to parents are to be made from the nurse's office. Any student who is excused from this office will have an excused slip signed by the nurse.

4. No treatments except emergency first aid are given in the Nurse's office. Students seeking a medical diagnosis and treatment should contact their family doctor. Injuries that occur at home or away from school will not be treated in the nurse's office.
5. Medications are ONLY given to students with a written doctors' order and a completed Medication Form. The student must provide the medication in its original labeled container. This includes Tylenol, Advil, Midol, and all prescription medications (including medical cannabis).
6. A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a Medication Form. Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school. Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school. Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a Medication Form. The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.
7. The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).
8. Medications may be necessary in case of emergencies like, but not limited to, bee stings where there is an allergic reaction that may result in death or serious injury if not quickly treated.
9. Students with a doctor's excuse to be excused from P.E. class should present the excuse to the nurse for approval. A copy of the doctor's excuse is given to the student's P.E. teacher and the original is filed in the student's health records.
10. Vision screening will be done for students who qualify in the mandated age/grade/group classification. Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this screening if an optometrist or ophthalmologist has completed and signed a report indicating that an examination has been administered within the previous 12 months, and that the evaluation is on file at the school. This notice is not an option. If a vision examination report is not in file for your student, your student in the mandated age/grade/group will be screened.

THE RTHS LIBRARY MEDIA CENTER

Facilities

The Library Media Center (LMC), centrally located on the first floor of the academic wing, is open from 7:30 a.m.-4:00 p.m. Monday-Thursday and 7:30 a.m.-3:30 p.m. on Friday. The LMC computer lab has 30 computers for use by classes, while the LMC classroom can accommodate 30 students for research, presentations, or club meetings. There are 12 additional computers, a copier, and seating for 40 in the main area. The computers and copier are intended for school work.

The Collection

The LMC collection supports the RTHS curriculum and students' recreational reading and listening through the LMC website: *lmc.rthsd212.org*. The physical collection has 8,350 books, while the digital collection includes 34,000 free books and audiobooks through the Follett Destiny Catalog, eRead Illinois/Axis 360, and Gale ebooks. The LMC website provides access to research databases; usernames and passwords are located in a Google Doc on the website's database page.

Visiting the LMC

Students are welcome to visit the LMC before school, after school, on scheduled study hall days, and during lunch.

On their scheduled day, study hall students should report directly to the LMC before the bell rings and remain in the LMC for the whole period. The LMC follows the RTHS tardy policy.

Teachers may send students to the LMC during class with a pass, but teachers should first call ext. 4115 to make sure there is room for them.

The LMC is a place for reading and researching. Students are expected to use LMC resources during their visits and to maintain an orderly atmosphere respectful of other LMC visitors.

Circulation of Materials

Most Items: 15 school day circulation, with a 15 school day renewal if no holds are pending. Calculators and Chromebook chargers may be checked out for one-period use inside the LMC.

ebooks: Current circulation for ebooks and audiobooks through Follett Destiny and eRead Illinois/Axis360 is 14 days, at which time the digital file is automatically returned.

Placing Holds and ILL Requests

Staff and students have personal accounts in the Follett Destiny Catalog that enable them to place holds for and renew items online. Items are delivered as they become available. Students are responsible for their accounts, including due dates, in the online Follett Destiny Catalog.

Staff and students may request items from other libraries through our membership in the Reaching Across Illinois Library System (RAILS) and PrairieCat Catalog. To place an inter-library loan (ILL), visit the LMC website, locate desired items in PrairieCat, and submit a BookHub request. Items usually arrive within 5-10 school days. The circulation length is 15 days, and patrons may be charged fines for late, damaged, or lost materials.

Returning Materials

All items borrowed from the LMC should be returned to the book drop in the circulation desk on time and in good condition. Patrons are personally responsible for the materials borrowed in their names. Overdue notices are emailed to students' RTHS Gmail accounts.

Lost Items: Students should report lost materials immediately so that the materials may be renewed during the search for the missing item. Students who lose materials are charged a replacement cost plus a \$1 processing fee.

Damaged Items: LMC Staff may assess a replacement fee for damaged materials.

Library Discipline Guidelines

Major infringements include defacing LMC materials, furniture, equipment, etc., violating RTHS and/or LMC technology policies, and inappropriate behavior or disrespect. Such infringements may result in the student being sent to the Dean of Students for discipline and/or suspension from the LMC.

If a student's general misbehavior warrants multiple warnings from the LMC staff (such as excessive talking), the student may be sent back to study hall or to the Dean of Students.

ANNUAL NOTICE TO PARENTS ABOUT EDUCATIONAL TECHNOLOGY

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as operators. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

- In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:
 - Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
 - Demographic information
 - Enrollment information
 - Assessment data, grades, and transcripts
 - Attendance and class schedule
 - Academic/extracurricular activities
 - Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
 - Conduct/behavioral data
 - Health information
 - Food purchases
 - Transportation information
 - In-application performance data
 - Student-generated work
 - Online communications
 - Application metadata and application use statistics
 - Permanent and temporary school student record information
- Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:
 - Instruction in the classroom or at home (including remote learning)
 - Administrative activities
 - Collaboration between students, school personnel, and/or parents/guardians
 - Other activities that are for the use and benefit of the school district"

3. Penalties for violation of this user agreement may include, but are not limited to, revocation of user privileges, loss of grade, class failure, detention, suspension and expulsion, and the return of assigned devices, depending on the nature of the offense.

The user expressly admits that the District shall bear no responsibility for any losses or damages resulting from the user's use of District programs, equipment and services, including but not limited to lost data, programming and profits, invasion of privacy, theft, fraud or other misadventure, and waiver of any claim he may have acquired against the District, its officers, agents, employees and assigns whether known or unknown past or future.
12. The user agrees to abide by rules promulgated by the District for use of District programs, equipment and

There is no presumption of privacy for files stored on district owned or supported removable or cloud storage devices. Students with inappropriate materials on any storage devices will be subject to appropriate disciplinary action described in #3 above.

The following rules are designed to promote an atmosphere conducive to learning. Individual rights or health, safety and academic pursuit are stressed along with the qualities of good character, self-discipline, common courtesy, sportsmanship, and citizenship. Since schools are institutions of learning which promote these areas, it is the belief of the Board, Administration, and Staff that these policies be upheld.

COMMUNICATION PROCESS FOR PARENTS

If at any time you have a question or concern about a situation regarding your child, the following process of communication will best facilitate appropriate information and resolution:

Classroom Discipline Issues:

2. Talk to Assistant Principal
3. Talk to Principal
4. Talk to Superintendent

9. The study hall teacher will issue no passes to other teachers.
10. If a student wishes to go the Library Media Center on the designated days, they must abide by the guidelines found in the [LMC](#) section of this handbook.
11. If a teacher's classroom is equipped with computers, teachers may allow students to use the computers at their discretion. Students should utilize computers for academic purposes. Students must adhere to the RTHS NETWORK USER POLICY AND AGREEMENT.

GENERAL RULES

The following rules are in place during the educational day, remote learning, or any RTHS sponsored activities. The administration reserves the right to deny access to activities or events at RTHS for any violation of the RTHS Student Handbook. The attendance at these activities is a privilege, not a right. Privileges are gained from abiding by the general rules that make RTHS such a great place. Among the violations which may result in discipline up to expulsion are the following:

1. Fighting.
2. Hazing or any type of initiation procedures. See [Bullying and Harassment Policy](#) in this handbook or [Illinois State Code 105 ILCS 5/27-23.7](#).
3. Students may not engage in any action or failure to act which has the purpose or effect of causing or tending to cause a material disruption of the educational process.
4. Students are not permitted to leave classes to use the telephone, water fountain, or to see any other school personnel without a prearranged pass.
5. Passes are issued to students by their teacher or the main office if it is necessary to be in the halls during class time. Any student found in the halls without a pass will be asked for an explanation and may receive an appropriate consequence.
6. No running in the building at any time.
7. Except where medically necessary, the consumption of any type of drink or foods/candy (except water in water bottles) is prohibited during class periods.
8. The sole eating area in the building is the cafeteria. Students may not eat in the classrooms, halls, library or study halls. Food that is not in a container should be left in the commons after lunch.
9. Open beverages may not be kept in lockers.
10. Students must stay in the cafeteria during lunch periods except with a pass.
11. Appropriate behavior is expected at all times in the cafeteria.
12. Students are expected to help maintain a clean school environment.
13. Students who drive to school as well as their passengers must exit from the vehicles and the parking lot upon arrival to school.
14. Electronic devices and personal video recording devices, as stated in the [Electronic Device Policy](#), will not be allowed to be used during the normal school day.
15. Smoking, E-Cigarettes, Vapes, Vape Juice, other vape products and chewing tobacco are not permitted on school property at any time.
16. Extreme display of affection is not permitted at school.
17. The use of profanity, indecent gestures, or suggestive language is prohibited while in school or at school events.
18. Skateboards, roller blades, and hover boards are not allowed on school property.
19. No painting of faces unless previously approved by the administration.

20. All student rules and regulations shall apply to all school activities away from the campus.
21. Students who vandalize or steal from other schools, or harass or threaten students from other schools in connection with school sponsored activities shall be subject to disciplinary action by RTHS.
22. Students may not commit any other act which materially disrupts the educational environment or causes physical or emotional injury to others, to property, or to the reputation of the school.
23. Isolated time out, time, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of physical harm to the student or others.

USE OF UNAUTHORIZED DOORS

Students will be asked to enter and leave the building using the South entrance by the main office, or the North entrance from the courtyard. All other doors will be monitored by a security system and are to be used only in the case of an emergency. The use of any unauthorized door creates a security risk and will be addressed in a serious manner.

DRESS CODE GUIDELINES

1. Students should dress appropriately at all times. If there is any doubt about dress and appearance, the building principal, or designee, will make the final decision.
2. Clothing must be opaque (not sheer), and have straps, a front, a back, and sides that do not expose undergarments (bra straps may be visible, but bra cups and bra bands (front and back) may not).
3. Clothing must overlap at the waist, when students are standing, sitting, or actively participating in their daily routine.
4. Dresses and skirts must be at fingertip length, or longer, when your arms are at your sides, and shorts/pants should be worn up to the waist or hip level, and below the buttocks to prevent exposing undergarments.
5. Student dress (including accessories) may not advertise, promote, or picture alcoholic beverages, illegal drugs, drug paraphernalia, violent or lewd behavior, or other inappropriate images.
6. Student dress (including accessories) may not display lewd, vulgar, obscene, double meaning, or offensive language or symbols, including gang symbols and hate speech.
7. Hair styles, dress, and accessories that pose a safety hazard are not permitted in the shop, laboratories, or during physical education.
8. Shoes are to be worn at all times, with the exception of locker and shower room areas, when students are changing for physical education classes or athletic events.
9. The wearing of hats, having hoods up, or any other head attire in the school building is not permitted (unless for requested and approved religious or medical reasons).
10. The following are the guidelines for student dress at extra-curricular events as adopted by the Interstate 8 Conference:
 - a. All students and spectators must wear clothing that covers their body from shoulders to mid-thigh.
 - b. Body paint can be worn, around the appropriate clothing.
 - c. A student or spectator's face must be visible at all times.

Students not dressed appropriately may be sent home for a change of clothes, or placed in In-School Suspension until a change of clothes is brought to school. Violation of these guidelines may result in discipline procedures as outlined in the [School Expulsion and Suspension](#) section of this handbook. These guidelines will apply to all school activities. Exemptions may be determined for specific events or causes as determined by the principal.

GROSS DISRESPECT

Gross Disrespect will be dealt with as a serious matter. All occurrences of this nature may result in an In-School or Out of School Suspension or a recommendation for Expulsion. A parent conference will be held prior to the student's return to school.

In all cases school personnel are responsible for their assigned duties and are to make the decisions. Students who confront staff members in a defiant manner and/or make disrespectful gestures or comments, who challenge authority, who defy directives, and who argue with a teacher at any time will be considered acting in a grossly disrespectful manner.

All students should follow the directives of staff members. If a student feels that they have a legitimate complaint, they can make an appointment with the principal to help resolve the concern.

SOCIAL MEDIA NETWORKING AND WEB SITES

Social media is any form of online publication or presence that allows interactive communication, including but not limited to social networks, blogs, photo sharing platforms, Internet websites, Internet forums, and wikis. Students who participate in online interactions must remember that their posts reflect on the entire RTHS community and, as such, are subject to the same behavioral standards set forth in the Student Code of Conduct and the Acceptable Use Policy. Students need to be aware of the following:

The use of social media in such a way that results in material and/or substantial disruption to the school and/or a true threat will constitute grounds to investigate whether the use violates applicable law or district rules. Should such misuse of social media be determined, the school will implement appropriate consequences as defined in the Acceptable Use Policy and the student discipline code. If school officials conduct an investigation, they may require a student to cooperate if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Such violations may result in suspension, expulsion, or other discipline as noted, based on the seriousness of the offense's impact or threat's ability to have caused material and/or substantial disruption.

STUDENT FAN BUS GUIDELINES

1. Students purchase tickets for a specific bus. You must ride that bus to and from the event.
2. Tickets will not be sold on the bus.
3. Students will carry their school ID on the bus.
4. Putting anything outside the window is dangerous. Keep your arms and head inside the bus.

5. When the fan bus arrives at the participating school and the students get off the bus, no one will be allowed to get back on and stay on the bus until the bus is ready to depart for the return trip to RTHS
6. Keep the noise to a level with which we can all travel safely.
7. No food, drink, drugs, tobacco or alcoholic beverages will be allowed on the bus.
8. Individuals who do not cooperate with the above policies will be reported to the school administration.

CARE OF BUILDING AND EQUIPMENT

Rochelle Township High School has always been known for its attractive campus. This has been made possible through the cooperation, efforts, and expense of your high school Board of Education and citizens of the school district. The staff and students have a responsibility to see that the campus buildings and grounds are kept in excellent condition. The student body can help keep our school building and campus attractive and neat by following the suggestions listed below:

1. Deposit all waste material in the receptacles provided. These are located both in and outside the buildings.
2. Keep off the lawn - use sidewalks.
3. Clean your shoes before entering the building. Mats have been placed in the entrances to the building for this purpose.
4. Keep your lockers neat and clean at all times.
5. Keep your washrooms clean at all times.
6. Do not deface the school building or equipment in any way.

KISHWAUKEE EDUCATION CONSORTIUM (KEC) GUIDELINES

KEC is a privilege and not a right. Continued problems shall result in dismissal from the program as determined by the RTHS administration.

1. Students may drive to KEC only with a written KEC instructor request, written parental permission, and a one day notice with the approval of RTHS administration. Otherwise, all students must ride the designated KEC bus.
2. KEC students must adhere to all RTHS rules and regulations while on the bus or in attendance at KEC.
3. When AM KEC students arrive back on campus, they must adhere to the following guidelines:
 - a. Report immediately into the school through the student entrance.
 - b. Report and remain in the commons until the next academic period begins.
4. When PM KEC students arrive back on campus, they must adhere to the following guidelines:
 - a. Report immediately into the school through the student entrance or leave the campus promptly. Students choosing to leave the campus are not to loiter or wait to pick up other students.
 - b. Students who choose to remain on campus must report and remain in the commons until the final bell rings for the day.

GRADUATION CEREMONY REQUIREMENTS

The following guidelines have been established by the Board of Education:

1. Dress Code: Dress pants, dress shoes, dress shirt, a dress or skirt, and blouse or slacks.

2. Students are not allowed to wear tennis shoes or other apparel that detracts from the ceremony.
3. Beach balls, water guns, firecrackers or other items which detract from the ceremony are not allowed. Anyone failing to comply with the above guidelines will be excluded from the ceremony.

Diplomas will be made available to students following the ceremony, assuming there are no incidents or distractions during the ceremony. Students will receive the diploma cover when the names are announced at the ceremony.

Any current student creating a disturbance at graduation will be removed and asked to appear before the Board of Education to give justification why he/she should not be expelled for the spring semester.

STUDENT POLICIES AND PROCEDURES

ATTENDANCE POLICIES

Illinois has a compulsory attendance law requiring high school students to remain in school until they reach the age of 17. The Board of Education and the administrative staff will do everything possible to enforce this law. Parents must call by 9 a.m. on the day of the absence and notify the school why a student is going to be absent.

Students may not be absent from school without "valid cause". "Valid cause" for absence means illness, mental health day, doctor's appointment, observance of a religious holiday, death in the immediate family, family emergency, or other situations beyond the control of the student as determined by local school authorities, or such other circumstances which cause reasonable concern to the parent for the safety or health of the student.

If a student is excessively absent from school, for both unexcused and excused reasons, the Assistant Principal will attempt to schedule a conference with the parents and student. The guidance counselor may also be present at this conference. At this conference the absences will be reviewed and discussed as well as possible school support systems to help improve the student's attendance, which may include requiring a doctor's note to excuse absences due to illness.

5 ABSENCE POLICY

To be in compliance with [Illinois School Code 105 ILCS 5/26-2a](#), students will not exceed five (5) absences each semester per class. All Excused and Unexcused absences will count towards the "5 Absence Limit". All work will be made up prior to the 5 Absence Limit. Extended absences due to illness more than two (2) days will be "blocked" and counted as one absence if one of the following criteria is met:

- A. A doctor's note is brought to the Assistant Principal on the day the student returns to school, (*or*)
- B. Prior arrangements have been made with the Principal or the Assistant Principal.

Please contact the Assistant Principal or Principal on any extended absence to review the absence status.

ABSENCES AFTER THE 5-DAY LIMIT

Students who reach five absences in a semester, excused or unexcused, will require official documentation for any absence that occurs thereafter to be eligible to make up work that has been missed. Excused absences may include doctor/dental appointment, court date, etc. to be classified as an excused absence by RTHS administration. These absences will require written

documentation to be excused. If the absence is not excused then students will not be allowed to make up any missed work for the applicable class or classes.

MISCELLANEOUS ATTENDANCE INFORMATION

1. **Excused Absences--Illness—Mental Health Day--Funerals--Doctors Appointments--Family Vacations:** In order to foster better communications, parents are asked to telephone the high school every day their child is absent. Student illness, doctor appointments, and family concerns are inevitable. If this occurs, the high school must be informed of the student's whereabouts. Students must have parents call before 9:00 A.M. the day of the absence. Late notice may result in an In-School Suspension. If parents do not have a telephone, the student must bring a written excuse upon returning to school.
2. **Make Up Work:** Students will be allowed one day for every day absent to make up work (illness, funerals, etc.). Make up work in a class will not receive credit after 5 absences per semester unless absences are excused according to absences after 5 day limit policy.
3. **Vacations:** Students absent from school because of vacations must (a) be on a family vacation, (b) secure all assignments before the vacation and (c) have all assignments completed when the student returns to school. Students are discouraged from missing time in the classroom for non-essential reasons; unique educational opportunities such as classroom discussions and activities are invaluable. The number of days of vacation will count towards the [5-absence policy](#).
4. **Leaving the Campus:** Rochelle Twp. High School operates a closed campus, and all students are restricted to school building from the time they arrive until school is dismissed. Students may only be excused to leave in case of emergency or by permission of the Principal. Medical appointments that must be made during school hours will be honored only if a phone call or note from the parent indicates such a need. Students with permission to leave campus must sign out in the main office. Prior parental notification is needed before a student signs out or is granted permission to leave. Upon returning to school the students must report to the main office to sign in. Anyone leaving campus without prior approval from school authorities will be unexcused and may be subject to disciplinary action.
5. **Illness:** A student who becomes ill at school must visit the school nurse. The nurse will determine if the student should stay at school or go home for the day. A call will be made to the parent/guardian by the nurse if it is deemed that the student should go home. The student should then sign out in the main office. Failure to follow this protocol will result in an unexcused absence and possible suspension.
6. **Truancy:** Students who "skip" or miss all or any part of a school day with or without parent consent may be assigned appropriate school consequences.
7. **Unexcused Absence**
 - a. An absence from school with parent knowledge and/or approval that is not acceptable to school authorities is an unexcused absence. Students with unexcused absences are not allowed to make up work missed after the 5 Absence Limit. (See 5 Absence Rule).
 - b. Examples of unexcused absences are: getting a haircut, missing the bus, non-family vacations, visiting relatives in the hospital, babysitting.
 - c. Unexcused absences for which school authorities are not ***previously*** notified could result in the assignment of In-School or Out-of-School suspensions. Suspension will not be assigned as long as the school is notified of the absence prior to that absence.
 - d. Absences under false or deceptive pretenses will be considered a truancy and will result in suspension.

- e. Students who have been excused but seen at, around or off school grounds engaging in activities other than the excused reason will be considered truant and will result in suspension.
8. **Skip days:** a skip day will be defined as a group of students who collectively decide to not attend school. When a group of students collectively miss school, it is disruptive to the learning process of those students in attendance. Therefore, when a student is absent as a part of a "skip day," he/she will be considered as truant unless it is for an excused absence and under the conditions as stated on page 44.
9. **Kishwaukee Education Consortium (KEC) Absences**
Three unexcused absences per semester by any student attending the Kishwaukee Education Consortium may cause that student to be dropped from the curriculum at the center and a failing grade recorded. No re-admission in the future will be permitted.
10. **Tardiness:** Tardiness to school and to classes is a serious offense. Punctuality is essential for the educational process, therefore, rules regulating this concern must be strictly adhered to.
- Students arriving late to school should sign in at the main office. Tardiness is defined as late to class by less than one minute without an authorized pass. Tardy beyond one minute will be considered as excessive tardy, for which students may be sent to the Assistant Principal and be assigned in-school for the remainder of that period.
 - Students are allowed one unexcused tardy per class per semester. Each tardy thereafter will be recorded in the student's attendance record. Students who exceed two tardies in all classes combined in a two week period may be assigned a consequence that is appropriate. Students who are chronically tardy may receive additional consequences.
11. **Attendance and evening events:** If a student is truant from school or excused because of illness for the afternoon, the student will not be allowed to attend evening events either at RTHS or at other sites.
12. **Field Trips/Extracurricular events:** If a student will miss a class due to a school sponsored activity or event, it is the student's responsibility to contact each of his/her teachers for the classes they will miss and get their assignments before they leave for their activity. Failure to do so may result in receiving a "zero" in any activity or assignment that took place when they were gone.
13. **College Visits:** If a student will be visiting a potential college during the school day, they must arrange this in advance with their counselor. The counselor will notify the main office of the absence. This will not count as an absence against the 5 day policy.

BULLYING AND HARASSMENT POLICY

The General Assembly has found that students who engage in bullying or harassing behaviors directed at other youth are at elevated risk of participating in prohibited aggressive behavior. Bullying is defined as negative actions taken by one or more students against one or more students or other youth which actions are unwelcome and are repeated over time, and to which the victim has no reasonable defense which does not involve violence or the intercession of others. Bullying includes verbal aggression including derogatory comments and bad names whether verbal, written, drawn, or electronic, demands for the victim's possessions, mean-spirited practical joking, and demands that the victim participate in unwanted activity. Harassment includes unwelcome conduct which has the purpose or effect of creating a hostile, intimidating school environment. Harassment includes unwelcome physical, written, or verbal conduct which has the purpose or effect of creating a hostile school environment or denying the victim any of the benefits of the Rochelle educational community. Harassment based on race, religion, sex, National Origin, color, ancestry, ethnicity, gender orientation, physical or mental disability is barred by a separate policy of the Board of Education which calls for disciplinary consequences for policy violations.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

The following are guidelines for bullying and harassment situations that are in line with the RTHS Board Policies:

1. All staff shall report any student who engages in any bullying as defined in this policy to RTHS administration for investigation. The administration will work with the counseling staff to investigate, including discussions with the involved students or other youth, the parents or legal guardians of the involved students, and other witnesses, and make a determination of any appropriate early intervention procedures, including the possible referral of the at-risk student to available community-based and District resources, the development of an individual behavior modification plan, and behavioral contracts. Students with developed Individualized Education Plans or 504/ADA plans shall be evaluated and assisted in accordance with their procedural rights under applicable laws.
2. Students who believe they are victims of bullying or harassment, or have witnessed such activities, are encouraged to discuss the matter with a teacher, counselor, or building administrator. Students may choose to report to a person of the student's

- same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints may not be disciplined.
3. Any student who is determined, after an investigation, to have engaged in harassment will be subject to disciplinary consequences as provided in this handbook, including but not limited to, suspension and expulsion consistent with the school and district's discipline policy. Parents of students who have engaged in the above behavior will be notified.
 4. Teen Dating Violence is prohibited. Students engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of the policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

DANCE GUEST POLICY

RTHS students cannot attend any school dances if they have unpaid debts. RTHS students can bring a non-RTHS guest to the following dances: Homecoming, the winter dance, and Prom. If a RTHS student is bringing a guest, the following policies and procedures must be followed:

1. No students below 9th grade.
2. Nobody of the age of 21 or older.
3. RTHS students must register their date with either the Principal or Assistant Principal, and have their date complete and return the appropriate form before purchasing a ticket. A State Photo ID will be required for any non-high school aged date.
4. RTHS reserves the right to deny any non-RTHS students from attending any or all dances. Reasons for denial may include, but not limited to the following reasons:
 - a. Past problems or defiance with RTHS administration, staff, or students.
 - b. Withdrawal from school prior to impending suspensions or expulsions.
 - c. Reasonable information that a person could be a threat or create a negative environment for others

Early RTHS graduates, those students finishing in 7 semesters, may only attend the winter dance and/or prom with administrative approval.

Student Expectations for RTHS School Dances

Rochelle Township High School strives to provide a safe, healthy, and positive environment at our dances. As such, the following expectations and procedures will be in place at all RTHS dances:

1. All students attending a dance sponsored by Rochelle Township High School acknowledge that it is a school-related event and all school rules apply.
2. Students are required to purchase a ticket prior to the dance.
3. Students are expected to dance in a respectable manner. Dancing that is inappropriate, sexually explicit, or creates unsafe conditions is not allowed. This includes any form of grinding and back-to-front dancing.
4. Students who are seen dancing inappropriately will be spoken to and may be warned or removed by an administrator or chaperone.
5. If a student has had a warning and continues inappropriate dancing will result in removal from the dance. Should this occur, an administrator will follow up with the

- students' parent/guardian to inform them that their child was removed from the dance for sexually explicit or inappropriate dancing.
6. Students who are removed for inappropriate dancing at more than one dance during their tenure at Rochelle Township High School are subject to being banned from subsequent dances.
 7. Guests that are removed from any dance, for any reason, will no longer be welcome at future RTHS functions.
 8. If inappropriate dancing is widespread, music may be stopped for a period of time. If after the music has been turned back on, the dancing continues to be inappropriate, the dance may end prior to the scheduled end time.
 9. The administration reserves the right to remove any student from a dance for any type of behavior that is deemed inappropriate.

ELECTRONIC DEVICE POLICY

Electronic devices including but not limited to cell phones and personal electronic devices are allowed to be brought to campus but **must be left in student lockers or cars and turned off during the school day.** Cell phone use is allowed in the hallways after the final period bell rings. The use of any electronic device during the school day is prohibited.

The use of camera phones for photo/video purposes or possession of other photo/video devices are prohibited on school campus during the school day. Phones may be confiscated and released only to the parent/guardian of the student.

Earbuds/AirPods should only be used in classrooms when the teacher has given permission for class use. The student can carry them (not wear them) to class in case a teacher may ask for them to connect to their Chromebooks.

Student use of e-mail is permitted for school use. This includes, but is not limited to, turning in papers and assignments as teachers direct. Personal use of email is prohibited. E-mail addresses for RTHS faculty and staff are set as first initial and last name @rthsd212.org (John Smith – jsmith@rthsd212.org). Teachers will notify their students as to any exceptions to this format.

The following steps will be taken for repeated violations of the Electronic Device Policy.

1. Warning given to student by administration and electronic device returned to student.
2. One day of ISS, conference with parent/guardian, and electronic device returned to parent/guardian.
3. Two days of ISS, conference with parent/guardian, and electronic device returned to parent/guardian.

Additional repeated violations will be deemed as defiance and may result in an Out-of-School Suspension up to ten days and possible recommendation for expulsion.

GANG POLICY

It is the school's responsibility to maintain a safe and disruption-free school environment. The School Code of Illinois (Ill. Rev. Stat., ch.122, par.31-1 through 31-4) provides that "any public school fraternity, sorority or secret society is inimical to the public good." This Board of Education is aware that gangs and gang related activities can cause substantial disruption of or material interferences with school and school related activities. A "gang" as used in this policy is any group of two or more persons whose purposes include the commissions of illegal acts.

Therefore, the possession, display, or use of signs, symbols, colors, or slogans of gangs or public school fraternities, sororities, or secret societies is prohibited on school premises or at school sponsored events.

Such symbols representing these groups cause confrontations and disruptions to the educational atmosphere of the school setting. Since it is impractical to list each item, determination will rest with the Administration as to affiliation to gang or other prohibited organizations.

The consequences for violation of this policy are as follows:

1st Occurrence: A warning or suspension and a request to refrain from the use of inappropriate language or gestures. In the case of symbols or emblems, the student will be asked to remove the unauthorized symbol or emblems from such items as, but not limited to, wearing apparel and notebooks. A student who wears a particular color combination of clothing/jewelry worn in a manner known to represent a gang, for the intent of displaying gang membership, will be warned and advised that future displays will not be tolerated and that disciplinary action will follow. Parents will be notified.

2nd and Subsequent Occurrences: Parents will be notified and a suspension out of school for up to 10 days may occur and possible recommendation for expulsion.

In the event of an Occurrence:

The student will be requested to refrain from the use of inappropriate language or gestures. In the case of symbols or emblems, the student will be asked to remove the unauthorized symbol or emblems, and they may be confiscated; from such items as, but not limited to, wearing apparel and notebooks. A student with a gang related tattoo or marking will be asked to cover the identifier and cease from continuing to make or display the marking. A student who wears a particular color combination of clothing/jewelry worn in a manner known to represent a gang, for the intent of displaying gang membership, may have the items confiscated. All occurrences listed, but not limited to, may result in discipline action up to and including suspension with the recommendation for expulsions.

Any acts of physical violence that is gang related will result in suspension and possible expulsion.

JACKET/COAT & BOOK BAG/BACK PACK POLICY

To lessen the threat of harmful devices being taken into classrooms, coats/jackets and book bags or backpacks are not allowed outside of the locker area during the school day. Students may bring coats/jackets and book bags/backpacks to school, but they must be placed in the locker until the student is leaving for the day. Clear or mesh book bags or backpacks are allowed.

TRANSPORTATION POLICIES

The Illinois Office of Education requests that all bus riding students and parents read these rules and regulations. School bus riders, while in transit, are under the jurisdiction of the school bus driver unless the local Board of Education designates some adult to supervise the riders.

1. Be on time at the designated school bus stop; help keep the bus on schedule.
2. Stay off the road at all times while waiting for the bus.
3. Do not leave your seat while the bus is in motion.
4. Remain in the bus in the event of a road emergency until the driver gives instructions.

5. Keep hands and head inside the bus at all times. Do not throw anything out of the bus windows. Except for emergencies, windows are not to be lowered below the stop line painted on the body pillar.
6. Remember that unnecessary confusion diverts the driver's attention and could result in a serious accident.
7. Be absolutely quiet when approaching a railroad crossing.
8. Treat bus equipment respectfully. Never tamper with bus or any of its equipment.
9. Assist in keeping the bus safe and sanitary at all times.
10. Carry no animals on the bus without permission of the school transportation director and the superintendent, and/or the Principal.
11. Keep books, packages, coats, and all other objects out of the aisles.
12. Leave no books, lunches, or other articles on the bus.
13. Be courteous to fellow pupils and the bus driver.
14. Help look after the safety and comfort of smaller children.
15. Do not ask the driver to stop at places other than the regular bus stop. The driver is not permitted to do this, except by proper authorization from a school official.
16. Observe safety precautions at discharge point. Where it is necessary to cross the highway, proceed to a point at least 10 feet in front of the bus on the right shoulder of the highway, where traffic may be observed in both directions. Wait for a signal from the bus driver permitting you to cross.
17. Observe the same rules and regulations on other trips under school sponsorship as you observe between school and home. Respect the wishes of the chaperone appointed by the school.
18. Food and drink will not be consumed on rural buses or fan buses.
19. Alcohol, drugs, vapes, vape pens, other vaping-related products, or tobacco are not to be used on buses.
20. A student is required to ride the same bus A.M. and P.M.
21. Students may be denied bus privileges if conduct violates policies, health, or safety regulations.

RTHS PARKING POLICY

FEE

There will be a \$50.00 parking fee for the year. The fee must be paid prior to the permit being issued.

1. Students who graduate at semester, transfer, or willfully give up their parking spot will be refunded \$12.50 per quarter.
2. Students who lose their space due to violations of the parking policy, discontinue their education, or who are expelled will not receive a refund.

ASSIGNING SPOTS

1. Each legal parking space will be lined and numbered.
2. Students will be assigned a specific numbered space.

[Click here to return to Table of Contents](#)

1. Students will report to the office the license plate number of any car illegally parked in their space.
2. All students who park a motor vehicle on the school campus must display the current hanging-tag permit. The tag must be hung from the inside rear view mirror, facing the front of the vehicle.
3. Vehicles must be parked in assigned spaces. The only places available for student parking are the student lots. Vehicles parked in the wrong space or in unauthorized areas may be towed at the owner's expense and the permit will be subject to revocation without refund.

 - Revocation of parking privilege
 - Towing and storage of the vehicle, at the owner's expense
 - Disciplinary action
 - Criminal charges as prescribed by law
10. Handicapped parking is available as needed on an assigned basis only.

PENALTIES

Any student illegally parked may receive a day of ISS and may have their vehicles towed at owners expense. Being parked illegally would be to park in another student's space, in a place not marked and numbered for parking or without a visible school issued parking pass.

LOSING PARKING PRIVILEGES

Students who demonstrate reckless driving or violate parking policies may lose the privilege of using the parking facility. Students who lose their parking privileges for discipline reasons will not be refunded parking fees.

PARKING LOT SEARCH

Drug dogs may be used in the school parking lot to check for drugs in vehicles. All vehicles in the lot may be subject to being sniffed by the dogs. If a drug dog identifies a vehicle, this gives the school reasonable suspicion to initiate a search under the guidelines as stated under the [Search and Seizure](#) policy.

HOME/HOSPITAL INSTRUCTION PROCEDURES

A student who is homebound or hospitalized due to a medical condition may be eligible for instruction in the student's home or hospital. Parents must submit a request for such services and provide a comprehensive statement from a doctor, physician assistant, or licensed advance practice registered nurse outlining the need for the service, the possible length of time that the student will need the service and any type of special needs that may be required.

- a. When requested, notified by either the parents or the institution/hospital, the student's counselor will schedule a parent conference that may also include an administrator and/or classroom teacher.
- b. Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.
- c. A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.
- d. Procedures to be followed during hospitalization:
 1. Assignments, answer keys, etc. will be provided by the teacher(s) in the home school to the student's counselor on a weekly basis and sent, by mail, to the hospital/institution. Hospitals will be asked to notify the student's counselor when it is determined that a hospitalized student's discharge staffing will be held. When possible, a representative from the home school will attend the discharge staffing.
 2. Assignments will be monitored on a daily basis by the tutor. All grades will be assigned by the hospital tutor.

A post hospitalization parent conference will be held a minimum of one-day preceding the hospitalized student's return to school. No student will return to classes without a parent conference and no conferences will be held the day of a scheduled return to school. This conference will determine how well the student has attained previously determined goals. Strategies for transitioning post-hospitalized students back to the classroom will be developed. Parents may share insights which would make transition easier for the student. A determination may be made to provide further support services and the length of time these are needed, i.e., tutoring.

POLICY ON STUDENT ALCOHOL AND DRUG ABUSE

Rochelle Township High School establishes a program to provide education, assistance and support for students affected by alcohol and drug abuse problems or dependencies according to the following guidelines:

1. In accordance with the Rochelle TWP HS District Student Discipline Policy students are not to use, possess, distribute, purchase, sell, or offer any tobacco or nicotine products, e-cigarettes, vapes, vape pens, other vaping-related products, hooka pens, illicit drug, cannabis, drug paraphernalia, prescription medications, alcoholic beverage, or any substance taken with the intention of causing a physiological or psychological change in the body while on school property or at any school-sponsored activity, whether conducted at Rochelle or at another school.
2. School officials will cooperate fully with law enforcement agencies in the performance of their efforts to control tobacco/drug/alcohol abuse.
3. The main responsibility for operating this program will be the Rochelle Twp. High School Principal (or his/her designee) who will interpret the school's policy to students, staff, parents,

community and resource persons, who will assess the nature and scope of alcohol and drug problems in students referred, and make recommendations for the appropriate form of assistance.

4. An essential feature of the program is that students and their families are encouraged to contact staff persons or Principal regarding problems with tobacco/alcohol/drugs with assurance that contacts will be handled confidentially.

5. Students using tobacco/alcohol/drugs who request help from school staff before discovery by school personnel will be offered assistance without school penalties or disturbance of the student's educational program, except as necessary to benefit the student or protect students, staff and the educational program.

6. Any student found using, possessing, distributing, purchasing, selling, or offering any tobacco or nicotine products, e-cigarettes, hooka pens, illicit drugs, cannabis, drug paraphernalia, prescription medications, or alcoholic beverages may be suspended from school for up to ten (10) days or recommended for expulsion, in accordance with applicable laws which require an individual determination of appropriate treatment, disfavor expulsion or suspension, and require provision of available supportive services before major suspensions or expulsions. The school's interpretation of under the influence is "having consumed, including but limited to, alcohol or a controlled/illegal substance prior to coming to school or while attending a school sponsored activity." During the period of suspension, the student, parents/guardian and school Principal (or his designee) meet and discuss re-engagement of the returning student.

7. At all times it is the prerogative of the student and families to accept referral to the resource person, pursue outside assistance, or to reject it. Regardless of whether a student accepts or rejects assistance, it remains his/her responsibility to maintain satisfactory or acceptable levels of performance and conduct, or face such legitimate disciplinary action as may be warranted.

8. If a student accepts referral and/or treatment, that fact will be regarded as it would be for any illness, with respect to confidentiality, benefits and privileges. So long as a student is involved with the program, and is making satisfactory progress, there is no reason why he/she may not remain in school.

9. No records of a student's participation in the program will become part of his/her permanent record.

10. In cases where either students or parents/guardians do not wish to cooperate in utilizing assistance available, the student's status in school may have to be reevaluated, taking into account the Board's disciplinary decision, the best interests of the student, the nature of the problem, and the health, safety, welfare, educational opportunity, and rights of other students and staff.

11. The following procedure is for students and parents/guardians who elect to participate in the Tobacco, Alcohol and Drug Abuse Program:

a. During the suspension period the student and parents/guardians will make arrangements for assessment services.

b. The students must participate and complete the five- (5) sessions self-help/education group. If the student fails to complete the program he/she will be recommended for expulsion.

c. Students must complete the total program as recommended by the resource person or be subject to the recommendation for expulsion.

12. It shall be the responsibility of the Rochelle Township High School Principal (or his/her designee) to develop procedures consistent with this policy and to provide the necessary orientation and training of staff. The Principal (or his/her designee) and the resource person shall evaluate the progress of the program and its effectiveness and make reports and recommendations to appropriate administrators and/or boards.

REFUSAL TO USE BREATHALYZER

If a student gives a staff member reasonable suspicion to suspect that the student is under the influence of alcohol, the student will be asked by the Principal or Assistant Principal to blow into a breathalyzer. Reasonable suspicion could include, but not limited to, student smelling of alcohol, acting as if possibly being under the influence, being with others under the influence, or information implicating the use of alcohol.

If a student refuses to take the breathalyzer, this will be taken as an admission of being under the influence and the student will be subject to all discipline for an alcohol violation.

SEARCH AND SEIZURE

In order to maintain order safely, and security in schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers. School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The superintendent or principal may request the assistance of law enforcement officials for the purpose of conducting reasonable searches of school grounds, lockers and parking lot for illegal drugs, including searches conducted through the use of specially-trained dogs.

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. What is reasonable cause shall be determined by the building Principal. And in all cases, a search will be conducted with the interest of the student's privacy respected, and in the presence of another school personnel.

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

If a student refuses to allow the search of person or vehicle on school grounds, this will be taken as an admission of being in possession of illegal drug, drug paraphernalia, alcohol, or weapon and will be subject to all discipline for a drug, alcohol, or weapon violation.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking site that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking site.

Before a law enforcement officer or school resource officer detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning.

SCHOOL EXPULSION AND SUSPENSION

A student may be suspended by the Administration or expelled by the Board of Education if his conduct is causing or tending to cause a material disruption in the education process. After weighing the evidence, the principal or his designee determines if the charge is supported by the evidence and the appropriate disciplinary action if in accordance with District policies and guidelines and professional judgment. Examples but not all inclusive are as follows:

1. Destroying school property.
2. Disobeying rules outlined in handbook.
3. Obscene language or gestures in classrooms, halls, or any school function.
4. Pulling or otherwise triggering a false fire alarm.
5. Fighting.
6. When an In-School Suspension is not served when assigned.
7. Possession or use of tobacco products, vapes, vape pens, other vaping-related products on school property.
8. Possession of, or under the influence of drug paraphernalia, alcohol, and/or illegal drugs.
9. Calling in or otherwise making bomb threats.
10. The possession of any potentially harmful device or substance (fireworks, knives, firearms, etc.) is prohibited.
11. Gang related activities.
12. Acts of vandalism or gross disrespect to Administration, Faculty or Staff on or off school property may result in suspension or expulsion.
13. To write or verbalize plans to harm others or cause destruction to school facility or personal property of school employees.
14. Any form of sexual, racial or other prohibited harassment.
15. Harassment or bullying of other students in any form.
16. Any other action which substantially disrupts or interferes with the educational environment of school or extra-curricular activities.

SUSPENSION SYSTEM

Two types of suspension are used, In-school and Out-of-School. All suspensions will be assigned by an administrator, e.g. Principal or Assistant Principal.

I. IN-SCHOOL SUSPENSION:

In-school suspension means that a student is required to spend one or more periods or school days in the suspension room for inappropriate behavior. A student may receive credit for assignments during that day or time period only if he complies with instructions set by each individual teacher. In most cases this means the student must make arrangements to take a test and/or secure the assignment(s) from each teacher before he goes to the suspension room.

II. **OUT-OF-SCHOOL SUSPENSION:**

Any student behavior or conduct not deemed to be proper during In-school suspension may result in Out-of-School Suspension. In all cases, upon returning to school the student must complete the unserved In-School Suspension days. The Assistant Principal or teacher will attempt to contact parents for In-School Suspensions of more than one day. The Administration will consider forms of non-exclusionary discipline prior to using out of school suspensions. The School will use out of school exclusion of three days or less only if the student's continued presence poses a threat to school safety or a disruption of other students' learning opportunities. The School will make such determinations on a case by case basis. School officials shall make all reasonable efforts to resolve such threats, address such disruptions and minimize the length of suspensions to the greatest extent practicable.

Unless otherwise required by law, such as violations of our Gun Free Schools policy, out of school suspensions of greater than three days, expulsions, and disciplinary removals to alternate schools may be used only if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's continued presence in school would either i) pose a threat to the safety of other students, staff, or members of the school community or ii) substantially disrupt, impede, or interfere with the operation of the school.

For purposes of this policy, i) and ii) will be determined on a case by case basis. School officials shall make all reasonable efforts to resolve such threats, address such disruptions and minimize the length of extended suspensions, expulsions or disciplinary removals to alternative schools to the greatest extent practicable. The Administration shall document for all extended suspensions, expulsions, or disciplinary removals to alternate schools - whether other interventions are to be provided or whether it was determined that other appropriate and available services were available.

During an expulsion, the Board may refer the student to appropriate and available support services.

II. **IN SCHOOL SUSPENSION ACTIVITIES AND RULES:**

ACTIVITIES

Writing: Students will be required to write sections of the student handbook.

1. Students will write continuously.
2. Writing will be collected at the end of each class period. The amount of writing must be of sufficient quantity and legibility as determined by the ISS supervisor.
3. If a sufficient amount and quality of writing for a class period is not completed, the following penalties will be enforced:

First Offense--The student will repeat one class period of ISS the next school day. The class period will be the student's study hall. If the student does not have a study hall, another fifty-minute time period will be arranged.

Second Offense--The student will repeat a full day of ISS.

Third Offense--The student will serve 3 days of out-of-school suspension and serve uncompleted days of ISS.

Mediation: Students will be required to spend one hour involved in a mediation writing activity. Quality and quantity of mediation writing will be supervised and enforced the same as the handbook writing activity. Mediation writing will be sent to the Assistant Principal and then forwarded to the student's counselor.

Homework: Students will be allowed to work on homework assignments for three periods if they have a full day of ISS and have successfully completed the writing and mediation activities.

Counselor Contact: Students will meet as needed with their counselor following their suspension to discuss their behavior and methods of achieving appropriate behavior.

No lunches may be brought in from McDonald's, Pizza Hut, etc. for any individual other than your student. If lunches are brought in by a parent/guardian, they must be given directly to the student. We will not hold lunches for students in the office, so please communicate with your student prior.
8. All students will have assigned seats.
9. Students will receive credit for work completed during the suspension.
10. In case of an emergency students may be dismissed from the suspension room but must serve the remaining time upon returning to school.

Any student suspended out of school may not be on school property at any time and may not attend any school functions during the days of suspension.

1. A parent/guardian may pick up homework during the suspension in the main office. If homework is not picked up in the main office, then the student will be responsible for completing all work and will be allowed one day for every day OSS to make up the work
2. Makeup work completed on suspension should be handed in when the student returns to school. Any work that is not completed while on suspension should be turned in within the allotted time as referenced in number 1 of Out of School Suspension.

6. In lieu of an Out of School Suspension, students may be offered the Alternative to Suspension program. 7. Re-Engagement of Returning Students. The building Principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

CODE OF CONDUCT **EXTRACURRICULAR PARTICIPANTS**

Preamble

Participation in extra-curricular activities means more than competition between two individuals or teams representing different high schools. It teaches fair play and sportsmanship, understanding and appreciation of teamwork, and the fact that quitting means failure while hard work and commitment means success. Participation in extra-curricular activities is a privilege that should only be accepted by a student who is totally committed year-round. With these goals in mind, this guide has been formulated for the use of all concerned. As the conduct of an extra-curricular participant is closely observed, be above reproach in all of the following areas:

The true competitor will give 100% at all times while in a competitive confrontation. A competitor has complete control of his/her self at all times. A competitor realizes that profanity is a sign of weakness rather than strength, and will refrain from its use. Although it is a most important goal that one hopes to realize, a competitor must learn that losing is a part of the game and that a competitor should congratulate his/her opponent on a well-played game after the contest. However, if there is nothing good to say to your opponent, leave the area immediately. Officials in a game or contest are there for the purpose to insure that both teams will receive a fair deal. Officials do not lose a game or contest for you. All dealings with the officials should be done by either the coach or designated captain and should be handled with total respect for the purpose of clarification or interpretation of a ruling. Any behavior that is contrary to this is a direct reflection on the school, team and coaches. Derogatory action toward officials will not be tolerated.

Behavior and appearance in school is of great importance to the competitor. Competitors should be leaders and set the best possible example since fellow students respect and follow them.

The competitor should present themselves with a “neat, clean, and professional” look at all times. As a member of an extracurricular program, you represent Rochelle Twp. High School. It is important to remember that your appearance, behavior, and attitude are not only a reflection on you as an individual, but is also a reflection on Rochelle Twp. High School and its extracurricular programs. If there is any doubt about appearance, the building Principal, or designee, will make the final decision.

The competitor should:

1. As a member of an extracurricular program, you represent Rochelle Twp. High School. It is important to remember that your appearance, behavior, and attitude are not only a reflection on you as an individual, but is also a reflection on Rochelle Twp. High School and its extracurricular programs. If there is any doubt about appearance, the building Principal, or designee, will make the final decision.
2. Speak with respect to all students and faculty.

The true competitor realizes that he/she will have great influence over many fellow students in their school. A competitor will use this influence to set a good example toward the betterment of this school. The good competitor is also a good student. A competitor plans their time and energy so as to succeed both in competition and in the classroom. All competitors must meet the following eligibility requirements:

All participants must fulfill the scholastic standing requirements as stated in **I.H.S.A. By-Law 3.020**:

POLICY ON TREATMENT OF CONCUSSION AND HEAD INJURIES

The Board of Education seeks to protect student athletes against the risk of concussions and head injuries. The Board finds that a concussion is caused by a blow or motion to the head or body that causes the brain to move within the skull. Concussions are a type of injury which can range from mild to severe and can disrupt the way the brain normally works. Concussions may occur in any organized sport or recreational activity. Concussions may be caused by a fall or collision with the ground, other players, or obstacles. Although concussions can occur with or without loss of consciousness, the vast majority of concussions occur without a loss of consciousness. Students who have a concussion may experience temporary or prolonged altered brain function resulting in physical, cognitive, or emotional symptoms, or altered sleep patterns and loss of consciousness.

Continuing to play with a concussion or symptoms of a head injury may enhance the risk to student athletes of additional injury. In addition, students may experience academic and social problems related to a concussion or head injury. The Board recognizes the importance of proper evaluation and management of possible head injuries and concussions. In furtherance of this goal, the Board adopts the following policy on treatment of concussion and head injuries.

PURPOSE

Student athletes are an important part of the Rochelle High School Community. In addition to the demands of practice, travel, and games, our student athletes run an enhanced risk of injury. One of the most challenging injury risks is concussion or head injury. Identification, treatment, and reintegration of student athletes to school and athletics is one of the most challenging issues for coaches, trainers, teachers, students and their families. In adapting this Policy, the Board seeks to minimize the risks of misidentification and increase the benefits of appropriate treatment, including reasonable modifications to permit students to reintegrate in school and inter-scholastic athletics.

THE BOARD WILL SEEK TO EDUCATE STUDENTS, PARENTS, AND COACHES ABOUT THE RISK OF CONCUSSION OR HEAD INJURIES

This Policy shall be a part of any student athletic participation agreement, contract, or code which a student signs before participation in practice or interscholastic competition. The Board shall obtain from the Illinois High School Association education materials or other comparable source on the nature and risk of concussion injuries or other comparable materials and provide them to help educate and inform coaches, student athletes, parents and guardians of the nature and risk of concussions and head injuries, including continuing play after a concussion or head injury.

**PERMISSION TO PLAY INCLUDES ACKNOWLEDGMENT
THAT THE PARENT OR GUARDIAN HAS BEEN PROVIDED
AND READ MATERIALS ON THE RISK OF CONCUSSION**

A student may not participate in an interscholastic athletic activity during a school year until both the student and the student's parent or guardian or another person with legal authority to make medical decisions for the student have signed an IHSA approved form for that school year that acknowledges receiving and reading written information that explains concussion prevention, symptoms, treatment, and oversight, and that includes guidelines for safely returning to athletic participation following a concussion.

DEFINITIONS

As used in this policy, the following terms mean:

“Advanced practice nurse” means an advanced practice nurse licensed under *The Nurse Practice Act* or successor enactment.

“Athletic trainer” means an athletic trainer licensed under *The Athletic Trainers Act* or successor enactment.

“Coach” means head coaches and assistant coaches.

“Concussion” means a complex pathophysiological process affecting the brain caused by a traumatic physical force or impact to the head or body, which may: 1) include temporary or prolonged altered brain function resulting in physical, cognitive, or emotional symptoms or altered sleep patterns; and 2) involve loss of consciousness.

“Concussion Oversight Team” is the group which establishes school return to play and return to learn protocols for all students and for individual students suspected of having a concussion or head injury.

“Licensed health care professional” means an advanced practice nurse, athletic trainer, neuropsychologist, or physician assistant.

“Neuropsychologist” means a psychologist who holds a license under *The Clinical Psychologist Licensing Act* or successor provision.

“Physician” means a physician licensed to practice medicine in all its branches under *The Medical Practice Act of 1987* or successor provision.

“Return to Learn Protocol” is an individual plan based on peer reviewed scientific evidence consistent with the Center for Disease Control and Prevention guidelines for the student's return to the classroom after that student is believed to have experienced a concussion, whether or not the student was participating in an interscholastic athletic activity at the time of the possible injury. Included in this plan will be any accommodations or modifications, formal or informal, necessary to permit the student to return to school while minimizing the impact of the possible injury and any lost school time.

TREATMENT OF SUSPECTED CONCUSSION OR HEAD INJURY

STEP 1: REMOVAL FROM PLAY

Each student is assigned to a counselor upon entering high school and remains with that counselor until graduation. The counselor is interested in all phases of student life, i.e. academics, social adjustment and growth, vocational-career plans, and future school beyond high school. Students are strongly encouraged to meet with their counselor to review and discuss situations that involve:

1. Course selection
2. Course changes
3. Job and career planning
4. Understanding of test results
5. Planning for college, trade/technical school, military, etc.
6. Financial aid for colleges, trade/technical schools.
7. Personal, family, other social concerns
8. Discipline
9. Attendance

Various programs are planned specifically to assist each student in these areas sometime during the four years of high school.

FRESHMAN ORIENTATION

In May, students and parents will receive a letter inviting them to a conference with their counselors to go over their placement test results and to review their schedule of courses for the freshman year. In the fall, the counselors will meet with freshmen to begin work on their Four Year Plan. In this Plan, students include graduation requirements and electives which aim toward future schooling and career plans. Each year their Plan is updated, as they sign up for specific courses for the next year.

CAREER INTEREST SURVEY

The Career Cruising Planning Program considers the student's occupational preferences, subject preferences, future educational plans, self-reported abilities, and interest scale scores in order to suggest career areas to explore.

POLICY ON STUDENTS MEETING WITH REPRESENTATIVES FROM COLLEGES, MILITARY, TRADE SCHOOLS, ETC.

Throughout the year representatives are scheduled to be in the Counseling Center to visit with prospective students and answer their questions. Since it is impossible to schedule them when all interested students have study halls, some students will have to see them during class time.

SUMMER SCHOOL

The courses taught during summer school depend on student enrollment and teacher availability. The primary purpose for attending summer school is to make-up past failures. Classes that will be made available will be posted prior to Summer School signup which is held early in March.

COURSES AT KISHWAUKEE COLLEGE

There are circumstances when students may need to take course(s) in order to meet graduation requirements or supplement their curriculum. Students considering these courses should discuss possibilities with their counselors. **ALL COURSES MUST BE APPROVED BY THE STUDENT'S COUNSELOR AND THE HIGH SCHOOL PRINCIPAL.**

STUDENT PROGRESS REPORTS

Report cards are distributed electronically at the end of each semester and are posted to the RTHS online portal. Deficiency (D&F) calls are made regularly on Fridays to identify areas of focus and encourage families to come up with a plan, involving the student to come in and receive extra academic assistance. Additionally, once per semester student profiles will be distributed to families via email. If more specific information is desired, or if information is desired at other times, parents are encouraged to contact their student's teachers regarding behavior, attendance, class participation, work habits, homework, overall cooperation and present grade. If you see multiple problem patterns and desire assistance in forming helpful strategies, please contact your child's counselor.

Teachers are available by calling (815) 562-4161 or emailing them directly. If you cannot reach them directly, please leave a message for them on their voice mail and they will return your call. Messages may be left 24 hours a day. When leaving a message please leave the following information:

- 1) Your name
- 2) Student's name
- 3) Phone number(s) for return call

If a phone call is not returned in a reasonable time, please contact the Principal's office.

REQUEST FOR SPECIAL EDUCATION EVALUATION

As part of the district responsibility for Special Education Child Find, the district requires all requests for special education evaluations be put in writing and addressed to the building Principal.

SENIOR GUIDANCE

During the senior year, each student will meet individually with his/her counselor to discuss plans beyond high school. Post high school education (including colleges and universities, business schools, vocational-technical training centers) work opportunities and the military will be reviewed. Also during the senior year students will have the opportunity to participate in a Financial Aids Seminar. Scholarships, loans and grants will be discussed and the procedures for applying for financial aids will be outlined in detail.

PREPARATION FOR COLLEGE

Recommended College Preparation

Students planning to attend college after graduation are advised to follow a course of study designed to develop the necessary skills and provide a well-rounded educational experience.

The following program would provide the appropriate preparation.

- 4 English (emphasizing written and oral communications and literature)
- 3 Social Studies (emphasizing history and government)
- 3 Mathematics (introductory through advanced algebra, geometry, trigonometry, or fundamentals of computer programming)
- 3 Science (laboratory sciences)
- 2 Foreign languages (Music or Art may sometimes be substituted)

Individual public universities and community colleges may have other subject requirements as well as other requirements involving test scores and grade point averages. Applicants must contact each college or university individually for details about all of its requirements.

The Board of Higher Education has adopted minimum subject requirements for public colleges and universities in an effort to help high school students improve their academic preparation for baccalaureate degree programs. Students who have not taken the required subjects but wish to enter a baccalaureate degree program may be admissible to public colleges and universities on a provisional basis. Policies for provisional admission will be determined by each institution individually. Such policies will include requirements to make up preparation not completed in high school or provisions for opportunities to demonstrate competency in the required subject areas.

Some students will pursue the maximum program of preparation; a few will choose the minimum. Others will elect a program somewhere in between depending on individual interests, aptitudes, and goals. However, if a student is seeking the minimum educational experiences, he/she should understand that they may lack the necessary courses which are expected of the typical college student. Also, a maximum or near maximum preparation will give the student more freedom to choose among college majors.

Any student planning to pursue any type of education beyond high school is encouraged to consult periodically with their counselor regarding entrance requirements, course pre-requisites, required tests, etc. Although entrance requirements vary from college to college, it is strongly advised that students have adequate skills and aptitudes in **READING, WRITING and MATHEMATICS**.
